Voting Rights

Voting is a fundamental right and all eligible voters should have the equal opportunity to exercise that right. We are dedicated to ensuring that our elections remain free, fair and accessible.

Immigration

Immigration policies should promote reunification of immediate families; meet economic, business and employment needs; and be responsive to those facing political persecution or humanitarian crises.

The Environment

As citizens of the world we must protect our planet from the physical, economic and public health effects of climate change while also providing pathways to economic prosperity.

Health Care Reform

Every U.S. resident should have access to affordable, quality health care, including birth control and the privacy to make reproductive choices.

Expanding Voter Access

We fight to increase voters' access to the polls, including expanding early voting, automatic and online voter registration.

LEAGUE OF WOMEN VOTERS®

Redistricting

Congressional districts and government legislative bodies should be apportioned substantially on population. We oppose partisan and racial gerrymandering that strips rights away from voters.

LWV LEAGUE OF WOMEN VOTERS®

Money in Politics

Elections should be about the voters not big money interests. It's time to limit SuperPACs and secret donors to protect representative democracy.
